

مقالات ۲۰۲۲

ردیف	عنوان مقاله	نام ژورنال
۱	A randomized trial of comparing video telecare education vs. in-person education on dietary regimen compliance in patients with type 2 diabetes mellitus: a support for clinical telehealth Providers	BMC Endocrine Disorders 22(1),116
۲	Anti-proteinuria effect of active vitamin D in patients with type 2 diabetic nephropathy	JOURNAL OF FAMILY MEDICINE AND PRIMARY CARE 7735-7742
۳	Assessment of Mortality Rate, Need for ICU Admission and Ventilation in COVID-19 Patients with Diabetes Mellitus	Qatar Medical Journal 2022(1),9
۴	Association between Socio-structural Factors and History of Gestational Diabetes: A Population-based Cohort Study in Hoveyze County	Iranian Journal of Endocrinology and Metabolism 23(6), pp. 378-387
۵	Association between heavy metals and metabolic syndrome in drinking water and surface soil: case-control study in Iran	Environmental Science and Pollution Research 29(7), pp. 10434-10442
۶	Changes in self-care behaviors of Iranian patients with type 2 diabetes using insulin pens during COVID-19 pandemic	Obesity Medicine 33,100418
۷	Clinical and Molecular Spectrum of Muscular Dystrophies (MDs) with Intellectual Disability (ID): a Comprehensive Overview	Journal of Molecular Neuroscience 72(1), pp. 9-23
۸	Cross-cultural adaptation and validation of the eating assessment tool into Persian	Speech, Language and Hearing 25(1):74-81
۹	Does strawberry supplementation ameliorate markers of cardiovascular and metabolic health? A systematic review and meta-analysis	Nutrition and Food Science 52(5), pp. 872-885
۱۰	Dyslipidemia in youth: Epidemiology, pathophysiology, screening, management, and treatment: A review of the literature	JOURNAL OF FAMILY MEDICINE AND PRIMARY CARE 7519-7526
۱۱	Early Prediction of Gestational Diabetes Using Decision Tree and Artificial Neural Network Algorithms	Iranian Journal of Endocrinology and Metabolism 24(1):1-11
۱۲	Effect of breathing exercises on respiratory indices and anxiety level in individuals with generalized anxiety disorder: a randomized double-blind clinical trial	Journal of physical therapy science 34(4):247-251
۱۳	Effect of iodine-therapy on hyperthyroidism patients without pre-administration of anti-thyroid therapeutic options	Bionatura 7(1):-
۱۴	Effectiveness of a mobile-based educational intervention on self-care activities and glycemic control among the elderly with type 2 diabetes in southwest of Iran in 2020	Archives of Public Health 80(1),201

۱۵	Effects of melatonin supplementation in patients with type 2 diabetes mellitus and chronic periodontitis under nonsurgical periodontal therapy: A double-blind randomized controlled trial	Journal of Research in Medical Sciences 27(1), pp. 52
۱۶	Effects of milk protein concentrate supplementation on metabolic parameters, adipocytokines and body composition in obese women under weight-loss diet: study protocol for a randomised controlled trial	BMJ 12(10),064727
۱۷	Estimation of the Direct Cost of Diabetes in Ahvaz (the Southwest of Iran): A Descriptive-Analytical Study	Iranian Journal of Endocrinology and Metabolism 24(5), pp. 292-300
۱۸	Evaluation of the effect of a gel made with amniotic fluid formulation on the healing of diabetic foot ulcers: A triple-blind clinical trial	Frontiers in Public Health 10,1025391
۱۹	Evaluation of the frequency of normal to mildly increased albuminuria in patients with type 2 diabetes with CKD referred to clinics of Ahvaz teaching hospitals in the years 2014-2020	Family Medicine and Primary Care Review 24(3):202-206
۲۰	Gallic Acid and Gallic Acid Nanoparticle Modulate Insulin Secretion Pancreatic beta-Islets against Silica Nanoparticle-Induced Oxidative Damage	Biological Trace Element Research 200(12), pp. 5159-5171
۲۱	Identifying the Factors Affecting People's Participation in "Education by People for People" During Covid-19 Outbreak: A Qualitative Study	Iranian Journal of Health Education and Health Promotion 10(3), pp. 224-236
۲۲	KCNQ1 rs2237895 polymorphism is associated with the therapeutic response to sulfonylureas in Iranian type 2 diabetes mellitus patients	Journal of Diabetes and Metabolic Disorders 21(1), pp. 33-41
۲۳	Molecular characterization of a large cohort of mucopolysaccharidosis patients: Iran Mucopolysaccharidosis RE-diagnosis study (IMPRESsion)	Human Mutation 43(4), pp. e1-e23
۲۴	Myricitrin and Its Solid Lipid Nanoparticle Increase Insulin Secretion and Content of Isolated Islets from the Pancreas of Male Mice	Brazilian Journal of Pharmaceutical Sciences 58,e20065
۲۵	Phenotypic continuum of NFU1-related disorders	Annals of Clinical and Translational Neurology 9(12):2025-2035
۲۶	Possible role of WNT10B in increased proliferation and tubule formation of human umbilical vein endothelial cell cultures treated with hypoxic conditioned medium from human adipocytes	Biotechnic and Histochemistry 97(3):168-179
۲۷	Prevalence of Metabolic Syndrome and Related Factors in Patients with Non-alcoholic Fatty Liver	Jundishapur Journal of chronic disease care
۲۸	Psychosocial needs of inpatient women with gestational diabetes mellitus: a qualitative study	Journal of Reproductive and Infant Psychology
۲۹	Quality and Effectiveness of Virtual Education From the Viewpoint of Rehabilitation Professors and Students of Ahvaz Jundishapur University of Medical Sciences During the COVID-19 Pandemic	Iranian Rehabilitation Journal 20(3), pp. 441-448

۳۰	Resistin, TNF-alpha, and microRNA 124-3p expressions in peripheral blood mononuclear cells are associated with diabetic nephropathy	International Journal of Diabetes in Developing Countries 42(1):62-69
۳۱	TMEM63C mutations cause mitochondrial morphology defects and underlie hereditary spastic paraplegia	Brain 145(9):3095-3107
۳۲	The Dietary Inflammatory Index is positively associated with cardiometabolic risk parameters in atherosclerosis patients	Nutrition Research 107, pp. 26-36
۳۳	The Effect of Nutrition Education Using MyPlate on Lipid Profiles, Glycemic Indices, and Inflammatory Markers in Diabetic Patients	Clinical nutrition research 11(3):171-182
۳۴	The Effect of Physical Activity, Neuropathy, and Gender on People with Diabetes on Balance: A Cross-sectional Study	IRANIAN RED CRESCENT MEDICAL JOURNAL
۳۵	The Effect of WhatsApp Nutrition Education on Blood Sugar, Fat Profile and Quality of Life in Patients with Type Diabetes 2	Iranian Journal of Nutrition Sciences and Food Technology 17(2), pp. 11-20
۳۶	The effect of berberine and fenugreek seed co-supplementation on inflammatory factor, lipid and glycemic profile in patients with type 2 diabetes mellitus: a double-blind controlled randomized clinical trial	Diabetology and Metabolic Syndrome 14(1),120
۳۷	The effect of empagliflozin administration on lipid profile in diabetic patients with acute coronary syndrome after PCI	Tehran University Medical Journal 80(3):206-216
۳۸	The effectiveness of cognitive-behavioural consultation on sexual function and sexual self-efficacy of women after childbirth	European Journal of Obstetrics and Gynecology and Reproductive Biology: X 15:-
۳۹	The effects of hot air-dried white button mushroom powder on glycemic indices, lipid profile, inflammatory biomarkers and total antioxidant capacity in patients with type-2 diabetes mellitus: A randomized controlled trial	Journal of Research in Medical Sciences 27(1),49
۴۰	The psychosocial challenges associated with gestational diabetes mellitus: A systematic review of qualitative studies	Primary Care Diabetes 16(1), pp. 11-26
۴۱	The relationship between 25-hydroxyvitamin D, thyroid function and autoimmunity in the women at first trimester of pregnancy	Iranian Journal of Obstetrics, Gynecology and Infertility 25(7):30-38
۴۲	Whole-exome sequencing deciphers the genetic profile of visual impairments in patients from Southwest Iran	Molecular Genetics and Genomics 297(5):1289-1300
